CORSICANA VETERANS ARE WARNED AGAINST CASHING BONDS EARLY

BANKS ADVISE EX-GI'S TO AVOID REPORTED LEAVE MONEY SHARKS

Corsicana bankers, with the interest of veterans at heart, Thursday pleaded with ex-servicemen of World War II to steer clear of money sharks who are cashing their terminal leave bonds prior to Sept. 2 at a nice discount.

At one bank it was reported money lenders were buying up the bonds at a discount, advancing the veteran his money so that he would not have to wait until Sept. 2.

The bankers cannot cash the bonds themselves.

At the First National Bank stringent rules have been set up for converting the bonds into money. The veteran must sign the bond in the presence of the bank officer cashing the paper. If it is brought in already signed, the signature will be voided and the holder must sign it again.

At each of the Corsicana banks, discharge papers are not enough.

Personal identification must be brought along if the ex-soldier is not known at the bank. The veteran should bring all of his army discharge records with him, in addition to a person known to the bank.

In some instances, the bankers pointed out, both discharge papers

NAVARRO COUNTY TO VOTE IN SATURDAY ELECTION

Navarro county voters Saturday will express their preference on a local and a state proposition. This newspaper will tabulate the election results Saturday night.

The local question is whether or not Navarro county will adopt the optional road law of 1947. This proposition provides an engineer will be employed to have charge of the maintenance and construction of all county roads under the supervision of the commissioners court.

The road work in the four precincts is now being actively supervised by the commissioners. The court would still prepare the budget and determine policies for the county road system, while the engineers

REPRESENTATIVE HITS GOVERNOR'S SUPPORT ON COLLEGE BUILDING

ABILENE, Tex., Aug. 21.—(P)—A copy of a letter today that state Rep. Sterling Williams of Snyder made public here last night said the representative could not understand why the governor was "so strongly supporting" the proposed college building amendment to the state constitution.

Williams asserted in the letter that the bill would give the University of Texas about \$45,000,000 in 30 years, which he said was "more than the amendment" would give the other small 14 colleges combined over the same period.

Perhaps this action as a member of the board of regents of the University of Texas might be understandable," Williams said "but such action as governor of Texas is not understandable."

"How, governor, can you say that a program financed by ad valorem taxes totaling \$45,000,000 is no new tax on the taxpayers of Texas? It would be just as reasonable, and no more fallacious, to say that this proposed tax is in lieu of and instead of a frontier tax for protection against Indian raids as it is in lieu of and instead of a tax voted by the people 54 years ago to pay pensions to the Confederate soldiers and their widows."

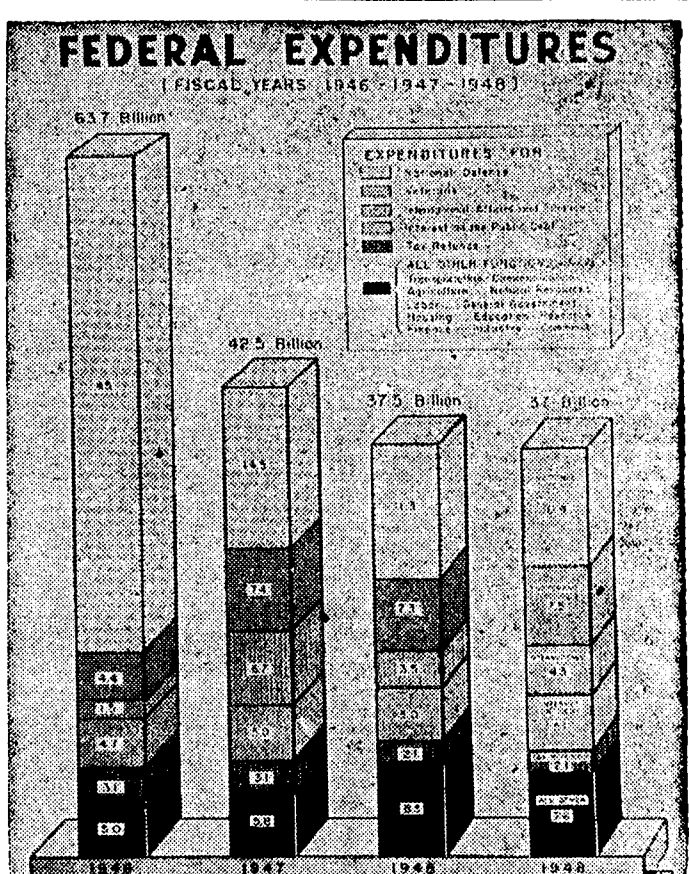

Topcoat Prices Higher

NEW YORK, Aug. 21.—(P)—Men's topcoat prices may be \$2 to \$5 higher next spring if the present upward trend of operating costs continues, manufacturers said today. Prices of spring gabardine fabrics are up 5 to 7 percent for spring.

FT. WORTH STOCKYARD FIRE BURNS SHEEP

FORT WORTH, Tex., Aug. 21.—(P)—The south sheep pens and sheds at the Fort Worth Stockyards company here were destroyed early today by a three-alarm fire that killed an estimated 3,000 head of sheep. Total damage was estimated at \$85,000 to the yards facilities and \$35,000 for the sheep.

A total of 175 firemen fought the fire for two hours. It was the worst fire at the stockyards here in more than 35 years. Fire Mar-

FRESH REPUBLICAN DEMANDS FOR TAX CUTTING ARE TOUCHED OFF BY TRUMAN REPORT OF SURPLUS

By FRANCIS M. LE MAY
WASHINGTON, Aug. 21.—(P)—President Truman's forecast of a \$500,000,000 surplus for 1948 touched off a fresh Republican clamor today for a tax slash in 1948.

Chairman Bridges (R-NH) of the senate appropriations committee said the president's mid-year budget review estimating tax receipts this year at \$41,667,000,000—\$2,100,000,000 higher than any previous forecast—proves that the country was "robbed of a tax deduction by purely political votes."

Mr. Truman twice vetoed efforts of the Republican-dominated congress earlier this year to trim individual income taxes by \$4,000,000,000.

President Opposes Cut
"Perhaps," Bridges declared at Fall River, Mass., "The president now will not be so determined about vetoing a tax reduction bill when it is presented to him."

But the chief executive said the \$4,667,000,000 surplus expected for the fiscal year ending next June 30 should go to debt retirement and to a stand-by fund to meet any domestic or world emergency.

Thus, a new tax battle when congress returns in January began to take form.

Spending Slash Small
Mr. Truman put the total expected expenditures in the current fiscal year at \$37,000,000,000, and

REPUBLICANS WILL NOT ASK FOR EXTENSION OF WAR PROBE AFTER JAN. 31, SEN. BREWSTER AVOWS

By JACK BELL
FALL RIVER, Mass., Aug. 21.—(P)—Senator Brewster (R-Me) announced today that Republicans will not ask for an extension of the life of the senate war investigating committee beyond next January 31.

Brewster, who heads the controversially-developed committee, told a reporter he is "certain" the group will resume its investigation of Howard Hughes' wartime plane contracts on November 17.

But the Maine senator, here to attend Fall River's celebration of "Joe Martin Day," said he and other Republicans have no intention of suggesting that the group, once headed by President Truman when his inquiries in the next session of congress.

Democrats Oppose Probe
Senate Democrats have made it plain they would fight any such move.

"It was never the intention to continue the special committee," Brewster told a reporter. "Under the congressional reorganization act, the standing committee

should take over these investigations. We will be ready for that in January—in fact, our final report is already half drawn."

Senator Ferguson (R-Mich) abruptly ended these hearings recently in a blaze of charges that politics had played a part in the group's investigation into the expenditure of Johnny Meyer, Hughes' publicity man.

Storm Heads For Texas Coast

SCATTERED SHOWERS DUE ALONG GULF IN PATH OF NEW BLOW

PRESENT INDICATIONS PUT APPROACH IN WEST LOUISIANA AND STATE

ORANGE, Aug. 21.—(P)—Commander H. H. Keen said today the tropical storm in the Gulf might strike the Orange area some time tomorrow night, and that "preliminary precautions" were being taken to protect 120 ships of the navy's "mothball fleet" docked here.

By The Associated Press.
Scattered showers were forecast for the upper Texas coast today, tonight and tomorrow and occasionally strong northeast winds in a squall were expected to move along the Gulf coast.

The storm was reported this morning as 225 miles south of Burwood, La.

The weather bureau said that if the present northwest movement of the storm continues, indications are that it would approach the West Louisiana-Texas coastal area.

50 M. P. H. Winds.
Strongest winds of the storm were estimated at 40 to 50 miles per hour with squalls extending outward about 250 miles to the north and east of the center.

Small craft on the Louisiana coast have been advised not to venture into the Gulf.

The advisory reported that there had been no increase in intensity and that strongest winds are estimated at 40 to 50 miles per hour "in heavier squalls within 50 miles northeast of the center."

Slight Turn Noted.
The weather bureau said that continued movement toward the

GRAND JURY INDICTS LATIN-AMERICAN FOR MURDER, 7 OTHERS

Eight indictments were returned today by the grand jury at Lake View, four miles north of Lake View, four miles north of Lake View, four miles north of Lake View.

John Ayala, Latin-American tenant farmer, was indicted for murder in connection with the death of Robert Viera, July 22, four miles northeast of Embouse, at a house on the L. I. Griffin farm where Ayala was a tenant.

Viera was shot one time under the right eye with a pistol. Ayala surrendered following the trouble.

J. C. Roe and David Ralston have been hired as special prosecutors in the case and assisted in the investigations and in the questioning of witnesses before the grand jury, it was stated.

Ayala was charged with murder by complaint filed before Judge A. E. Foster and was at liberty on a \$1,500 bond awaiting the action of the grand jury.

Other indictments were J. T. McCowan, theft and theft by bailor; Jake B. Simmons, Jackie Lynn Loftice and Robert Johnson, two indictments each, forgery and passing forged instruments.

HOURS EXTENDED FOR USE OF CITY WATER TO SPRINKLE LAWNS

A city ordinance restricting certain uses of water in Corsicana was relaxed today to permit lawn sprinkling anytime before 9:30 a. m. and after 4:30 p. m., Water Commissioner Fred Rittersbacher announced.

The emergency water regulation, designed to boost pressure and supplies at the State and IOOF Homes, was adopted Aug. 2 by the city commission. It prohibited use of water for trees, lawns and shrubs except at night.

"The condition has improved somewhat," Rittersbacher reported Thursday, "and less water is being used."

Previously Corsicans could not sprinkle lawns between 6:30 a. m. and 4:30 p. m. The new regulation permits sprinkling except between 9:30 a. m. and 4:30 p. m.

It was emphasized there is no water shortage but a lack of sufficient pressure.

SENATOR BILBO DIES

NEW ORLEANS, Aug. 21.—(P)—Senator Theodore G. Bilbo of Mississippi, master of filibuster and sharp-tongued champion of white supremacy, died here today without ever having taken his disputed seat in the 80th congress.

Death of the 69-year old Democrat left forever unanswered the question of whether he was entitled to a third term in the senate, from which he was barred on bipartisan charges of unfitness when congress convened last January.

At that time Bilbo, seriously ill with cancer, was accused of intimidating negro voters during his campaign, and with misusing his office for personal gain in dealing with contractors. Both charges had been investigated by senate committees.

Two-Day Fight Recalled.
After a two-day fight on the issue, the senate agreed to postpone a decision pending improvement of Bilbo's health. Meanwhile, he was allowed to draw his senate salary.

"If I live, I'll be back with my fighting clothes on," Bilbo declared when the compromise was announced.

But the senator, who had undergone one month operation for cancer,

WASHINGTON, Aug. 21.—(P)—Kenneth C. Royall was appointed today as the new secretary of the army under the unified armed forces.

Royall is the present secretary of war.

Mr. Truman announced Royall's selection for the new post at a news conference.

He also announced the appointment of John L. Sullivan to be secretary of the navy and W. Stuart Symington to be the first secretary of the air.

All will be junior officials to James V. Forrestal, the new secretary of national defense. They will not have cabinet status.

The president told his news conference the new unified forces will become effective about the middle of September when Forrestal, now secretary of the navy, takes his oath as secretary of national defense.

Sullivan is now undersecretary of the navy and Symington is assistant secretary of war for air.

Refugees Entry Favored
WASHINGTON, Aug. 21.—(P)—President Truman said today that the United States should favor entry of refugees to this country because he said all Americans are descendants of the foreign-born.

His comment was in reply to a question about the question of whether the administration has plans for a new approach to bringing into this country a share of Europe's approximately 850,000 displaced persons.

The president said there are no plans for a different approach, indicating he will continue to press for passage of a measure introduced by Rep. Stratton (R-Ill) calling for admission of 400,000 refugees over a four-year period.

Economic Action To Aid Americas Urged On Parley By Cuba

QUINTANADUHA, Brazil, Aug. 21.—(P)—Tentative agreement was reached today among a majority of the delegates to the 28-nation hemisphere defense conference to call a special conference to take the hemisphere economic conference in the second quarter of 1948, delegates disclosed.

By PHILIP CLARKE
QUINTANADUHA, Brazil, Aug. 21.—(P)—Cuba formally presented to the interamerican defense conference today a demand for joint hemisphere action to protect what it called "the economic independence of the American states."

Guillermo Bali, Cuban ambassador to Washington and aspirant to his country's presidency, told the committee on aggression that it is impossible to conceive of political independence unless a state also has economic independence.

"Coffee Table" Talks
The presentation of the Cuban demand came after the apparent failure of a series of "coffee table" conferences arranged by conference President Raul Fernandes, the Brazilian foreign minister, in an effort to avert an almost certain controversy between the United States and Cuba.

The island republic's stand was against what it called "economic aggression" or "unilateral economic acts and threats."

Secretary of State George C. Marshall told the delegates yesterday that the United States felt the conference should take the hemisphere economic conference in the second quarter of 1948, delegates disclosed.

The name Bilbo and the phrase "white supremacy" have become inseparable in the public mind. The outspoken Mississippian had introduced a bill in congress to ship the country's 13,000,000 negroes back to Africa. He publicly admitted having joined the Ku Klux Klan. Last year he published a book entitled "Take Your Choice—Segregation or Mongrelization."

Asked who would pick Southern cotton if the negroes were moved away, Bilbo once declared: "The mechanical cotton picker—and it won't be demanding social equality—

U.S. Expected To Demand U.N. Keep Balkan Panel Setup

LAKE SUCCESS, Aug. 21.—(P)—The United States is expected today to insist that the United Nations continue a watch over Greece's northern borders until the veto-blocked Balkan problem comes before the 55-nation assembly next month.

Following Russia's veto of American-supported attempts to bring peace to the Balkans, the United States yesterday formally moved to the assembly to demand that the assembly agenda for action by the world body.

Since the Balkan problem is still before the security council, the assembly cannot take any action until the 12-nation body has formally dismissed it.

Authoritative sources said the United States probably would fight to keep the issue before the council until final discussions of the Balkan problem are completed, which will meet in New York Sept. 16. Then, they said, once discussion has been started the council would be asked to dismiss the case and thus clear the way for the assembly to make recommendations.

Russia Uses Sixth, Seventh Vetoes In Last Week In U.N.

LAKE SUCCESS, Aug. 21.—(P)—Russia today used its sixth and seventh vetoes to block action on the applications of Italy and Austria for membership in the United Nations.

There were the sixth and seventh vetoes used by the Soviet Union to reject Hungary's application for U. N. membership by a vote of 1 to 1, with nine abstentions.

Only Syria voted in favor of admitting the former Axis satellite. The United States cast the negative vote.

Hungary thus fell far short of its goal.

Jews Must Leave Ship Or Be Sent To German Camp

By The Associated Press.
LONDON, Aug. 21.—(P)—Britain delivered an ultimatum today to the 4,000 Jewish refugees on the ship Exodus, demanding they leave the ship or be transported to Germany.

The Jews are aboard three British ships which have been off Marseille for three weeks. They tried to land in Palestine a month ago from the immigrant ship "Exodus 1947."

The Jews will be taken to the Bergen-Belsen displaced persons camp if the ultimatum is ignored, a spokesman for the international refugee organization said at Hamburg, in the British occupation zone of Germany.

THREE-POWER PARLEY ON GERMANY SET, IN SPITE OF RED STAND

AMERICANS, BRITISH, FRENCH PLAN TO OPEN CONFERENCE ON FRIDAY

WASHINGTON, Aug. 21.—(P)—The state department disclosed today that Russia has protested against an American-British conference on increasing German industrial activities, but made it plain the talks will be held regardless of the Soviet objections.

Lincoln White, department press officer, confirmed receipt of a note from the Soviet Union, declining to discuss its objections, and declared the department is "considering" a reply.

But, asked directly whether "this Russian protest will block plans" for holding the meeting, he replied: "No indeed."

Other Major Developments.
At the same time, the department made known:

1. The United States has protested anew to Russia against the continued Soviet occupation of the Chinese port of Dairen. A note delivered to Moscow Aug. 14 said that this government "will of necessity hold the Soviet government responsible" for treatment accorded American interests in the port city while it is under Red army rule.

2. Nine nations which will participate in Japanese peace talks have agreed generally with a United States suggestion that a two-thirds vote should govern the conference decisions. This country last week rejected a Russian demand to limit the initial discussions on a Japanese peace pact to the four Big Four.

—The United States, Britain, China and the Soviet Union. It accompanied that rejection with a plain notice that the conference would be held regardless of whether Russia participates.

Conference Set Friday
The conference is scheduled to open in London Friday as part of a joint Anglo-American attempt to strengthen the economic affairs of the western world to speed recovery.

Even before this development, the United States apparently was ready to write off—in favor of a new approach—attempts to reach accord with Russia on Korea and Austria.

U.S. AGAIN PROTESTS RED OCCUPATION OF MANCHU DAIREN PORT

WASHINGTON, Aug. 21.—(P)—A new United States protest to Russia against the continued Soviet occupation of the Chinese port of Dairen was disclosed today by the State Department.

A note delivered to Moscow Aug. 14 said that this government "will of necessity hold the Soviet government responsible" for treatment accorded American interests in the port city while it is under Red army rule.

Treaty Provides Release
Under a 1945 treaty Dairen was to be returned to Chinese administration and opened to world trade. Russia, however, has banned from the port all foreign shipping, including American naval vessels taking mail and supplies to the U. S.

The new note said: "Although nearly two years have passed since the signature of the instrument of surrender by Japan, Dairen has not been opened to normal trade and the Soviet government representatives of the United States firms are not permitted to occupy or even to visit properties in the outskirts of the city which these firms long owned."

Estimate Of Corn Crop Again Lower As Of August 15

WASHINGTON, Aug. 21.—(P)—The agriculture department today said the nation's corn crop was indicated at 2,437,000,000 bushels as of Aug. 15. This estimate compared with 2,559,949,000 bushels forecast for Aug. 15, and a year's record crop of 2,927,000,000, and with the ten-year (1936-45) average of 2,639,102,000. It also compares with a government production goal of 3,000,000,000 bushels. Cool, wet weather at planting time and not dry weather this month combined, the department said, to cut this year's prospects.

Unless there is an immediate favorable turn in the weather, the crop will be short of the quantity needed to maintain a high level of livestock production next year.

Today's estimate was based on the Aug. 15 outlook in 12 major corn-producing states in the Midwest and the Aug. 1 outlook in other states.

ON THE BEACH
Same old sad excuse mine.
Grandpa now is much too old;
Thinks the water may be cold.
Yours is joy denied to him.
Grandpa never learned to swim.

"Take a belly-snacker?" No!
Should have done that long ago.
Do the dead-man's float like
you?"

Never learned that trick to do.
Now the dismal truth to state:
It is sixty years too late.

Glad to sit here in the sun
Simply watching you have fun.
Hearing shrieks of pure delight,
Everything is quite all right.
Grandpa! Pay no heed to him.
Happy he to see you swim.

BUYING BLACK

Always unstable by its very nature, the black market in Berlin is now undergoing a re-organization, says David M. Nichol, writing from that city.

The fact that the United States has cut the shipments of cigarettes to the occupied zones, together with Russia's move to ship in large quantities of cheap cigarettes, has just about removed that former item of currency. An end has been reached, also, to the supply of personal articles of value which the Germans have been using for black market trading. Purchasing offices which the Russians have maintained for the buying of watches, jewelry and old goods have been closed without warning. Such small-scale operations are thus curtailed, but champagne, light bulbs, stockings and sugar still maintain their status and are carried between zones and between countries by the big operators.

This whole illegal, artificial set-up is a symptom of the economically diseased state of Germany. Only when production can be raised to somewhere near normal, and the recognized currency of the country will buy a reasonable amount of the necessities of life, will the black market, with all its evil effects, have a chance to die out.

THRIFTY AMERICANS

We are often considered to be a spendthrift nation, with all our money frittered away, but apparently that is a mis-judgment.

George Gallup, with his insatiable curiosity, has been asking people what they would do if someone handed them \$1,000. Evidently many of those questioned had dreamed of such a windfall, for they came up with ready answers. The replies were on the whole very sensible. Thirty-one per cent would save the money, 24 per cent would buy a home or improve the one they had, 14 per cent would buy a car, furniture, clothes, and so forth, with small percentage for other laudable purposes. Only three per cent would spend it purely for pleasure. Many of this three per cent may never have had any fun, and might be quite justified in having a thousand-dollar fling.

The only way, sad to say, that most of the people questioned are likely to get a thousand dollars is by earning it, and that process, by its very nature, makes the spending of the money a matter of careful thought. So the bulk of most people's money will undoubtedly continue to be put to very good use.

FARMERS IN THE AIR

Mid-western farmers are lifting themselves out of the earth-bound class and going up in the air for fun and for business.

George Thiem writes for the Chicago Daily News of a meeting in Champaign, Ill., where several hundred planes landed for a get-together of farmers. It is estimated that 1,000 Illinois agriculturists own and use private planes, while 850 Indiana farmers fly. Many from Michigan and Wisconsin add to the number. Several uses for planes are given—going after repair parts, spraying, inspection, bringing home strawberry plants and ordering cattle. What sounds best to people brought up to consider the farmer's lot a hard one, is the sundown flight to cool off after a hot day in the fields. Some flit to Wyoming for trout-fishing, and others hop to Miami for the sunshine they need in January. Not only young farm-

ers have joined the air-minded group, but all ages, from 18 to nearly 60, are represented.

The farmer, generally considered conservative, if not reactionary, has shown himself to be forward-looking and adaptable in this appropriation of the airplane to his own use. One fault often found with life on the farm is its isolation. This condition will no longer have to be reckoned with if more farmers follow the lead of these mid-westerners.

INDIAN ECONOMICS

New regulations for imports into India will cut deep into their supply of both necessities and luxuries, says an article in Business Week.

Up to the middle of this year, India has imported canned goods, bottled beverages, proprietary medicines, tobacco products, cosmetics, hosiery, cutlery, domestic hardware, motor vehicles and radios. All of these articles are barred now, and a quota system regulates the importation of several other items. Export trade of the United States will suffer a sizeable reduction as a result of this move.

Serious results will be felt within India, too, with panic buying under way already. Wealthy upper class and middle class people are hoarding vital articles and materials while the lower classes suffer for their lack. When their government's pre-occupation with political matters gives way to concern over production, the situation may be improved.

The American workman, whose livelihood depends on the demand for his product, never thinks of the loom-operator or steel-mill worker in India as having any connection with his life. Nor does the Moslem or Hindu visualize a link between himself and the far-off citizen of the United States. The connection exists, nevertheless, tenuous as a spiderweb, strong as steel, for better or worse.

WATCH THAT SPRAY!

Perhaps farmers and amateur gardeners are rushing ahead too fast in their adoption of the new insecticides. Bees are dying off at an alarming rate because of too strong sprays, according to Prof. Arthur G. Hildreth of the University of Massachusetts.

To city-dwellers this may signify only a decrease in honey production. Farmers know that bees pollinate such important crops as vegetables, fruit, berries and alfalfa.

Evidently before spraying the gardener should stop, look and study.

TELLING THE WORLD

You've got to hand it to John Bull who is down but not out.

"Whatever may be the troubles and difficulties we have to face," says Winston Churchill, "the British people will not be found unequal to them, and we shall come through and continue to be the guide and symbol to the world of the way in which a free people and decent life may be lived in this ancient land."

For once, at least, we Yanks can join wholeheartedly in a fervent "Heah! Heah!"

There are nearly as many good things to eat as there are words to utter, but most people just gulp 'em without appreciating 'em.

There's a joker in every Utopia. Make the roads perfect, for example, and then all that people want to do is to ride around and neglect their business.

Junior College Band Will Be Organized

Plans for a college band for Navarro Junior College took on more concrete shape Tuesday with the announcement by President Ray Waller that C. E. Beene has been hired as the band director and will arrive this week.

Beene is a veteran director, spending eight years in that position at White Deer and three years at Pecos, immediately before coming here. He holds a Bachelor's Degree in music at BYU and a Master's Degree in music from Colorado State University.

The new director will begin the organization of the band and acquisition of instruments and other material as soon as possible, Waller said.

District Court.

A motion for a new trial was granted by A. P. Maya, district judge, Monday in the case of Republic National Bank, Dallas, vs. Guy Gibson, et al, suit on note to Guy Gibson, but denied motion for Mrs. Gibson individually and as executrix of the estate of her late husband.

Judge Maya has set his docket for the October term of District Court. He announced that the newly-named jury commissioners would meet tomorrow to select grand and petit jurors for the fall term.

District Judge Maya Thursday instructed the five jury commissioners appointed Tuesday to select grand and petit jurors for the October term of district court. Commissioner R. A. Edens was excused because of illness and Mitchell Boyd of Corsicana was named to succeed him. Other commissioners are Earl McDaniel, Richard L. Murphy, Kerens; E. B. Lindquist, and Derwent George, both of Corsicana. The group was expected to complete its jury lists late Thursday or Friday.

CLUB NEWS

Bazette H-D Club

The Bazette Home Demonstration Club met on August 14 in the home of Mrs. R. J. Upchurch. A program entitled "Memories of the Club" was given, and a brief history of the organization was given by Mrs. E. C. Waits.

The club was organized in 1938, and discontinued shortly thereafter. It was re-organized in 1937 by Miss Clara Pettigrew, then county home demonstration agent, and grew to be the second largest club in the county at one time.

A complete summary of the work and social activities carried on by the club since its organization was given. Following this, the impressive candle lighting ceremony was held, with Miss Velma Pohl lighting the first candle for the club, Mrs. Lester Walker the second for the charter members, Mrs. Felton Lewis the third for the deceased members, Mrs. Roy Pohl the fourth for the members who are ill, and Mrs. Onie Cook the fifth for the active members. Piano music was furnished by Mrs. Ora Wasson and poems by Mrs. Ruby Tarlington and Mrs. Claud Marshall.

Refreshments were served to fourteen members and three visitors. The next meeting of the club is scheduled for August 27 in the Bazette school building.

Cedar Creek Baptist W.M.U. In Session
The regular semi-monthly meeting of the Cedar Creek Baptist W.M.U. has held at the church on Monday, August 18, at 3 p. m. with eight members answering roll call.

Mrs. D. Christie led the group in two songs, and Mrs. Oscar Skinner led the prayer. The devotional was given by Mrs. Minnie Boone and the lesson by Mrs. Skinner. Following a short business session the group was dismissed with a prayer by Mrs. S. Norwood.

Mr. and Mrs. Vern Humphries have returned to Fort Worth after a week end visit with Corsicana relatives.

Join State Home Staff.
Corsicana State Home officials have announced the addition of W. W. Barker of Taylor, Texas, to their staff as the new vocational agriculture teacher and general supervisor of farm and dairy operations at the Home.

Barker assumed his duties on August 11, coming from Troy, Texas. He received his Master's Degree at Texas A. and M. College in July of this year. He is accompanied by his wife, who will take a teaching position at the Home.

Civil Service Exam.
The United States civil service commission today announced an examination for oceanographer to fill departmental and field positions in the federal service. Salaries are \$3,397 to \$9,975 a year. Further information and application forms may be obtained from the commission's local secretary, W. C. Callaway, located at the Corsicana postoffice.

Attend Funeral.
Mr. and Mrs. Bill Bacon went to Comfort, Texas, Wednesday to attend the funeral of Mrs. Bacon's grandmother, Mrs. Dan Holcamp, who died there Tuesday after a short illness.

Funeral services for Charles Weldon Stewart, infant son of Mr. and Mrs. E. F. Stewart, Route 1, Purdon, who died at the P. and S. Hospital Tuesday morning, were held at the Hamilton cemetery Tuesday afternoon at 4 o'clock. The rites were conducted by G. R. Willingham, Church of Christ minister.

Surviving are the parents, a brother, E. F. Stewart, Jr., and a sister, Mary Jane Stewart, all of Purdon, Route 1, and grandparents, Tom Stewart, Streetman, Mrs. Lydia Stewart, Purdon, and Mr. and Mrs. S. A. York, Richmond.

Navarro
NAVARRO, Aug. 21.—(Spl.)—Lt. E. A. Persky and twin sons of San Diego, Calif., visited with Mr. and Mrs. Jimmie Moore from Thursday until Saturday. He saw tough fighting with the navy and has 17 medals.

Mr. and Mrs. Charlie Boast of Anderson and their daughter and baby of Crane visited last week with Arthur and Miss Virginia Ferguson.

Mrs. Joe Harper of Wink is visiting with her parents and brother, Harold Horn, who is convalescing in the P. and S. Hospital.

G. C. (Pete) Goodin and Mrs. Fred Thompson, Route 4, Corsicana, were in Van Monday to visit their brother, B. Wad Goodin, who is convalescing after a surgical operation.

Mrs. Tom Fouty is confined to her bed this week.

Mrs. and Mrs. Alva Scruggs and family were recent visitors with relatives.

Mr. and Mrs. Will Middlebrook moved Wednesday to their new home in Corsicana.

Eugene Bradshaw returned to Dallas Monday after spending several days with the O. B. Scruggs family.

TEXAS BABY CHICK ORGANIZATION WILL CHANGE NAME TODAY

PORT WORTH, Aug. 21.—(P)—The Texas Baby Chick Association today becomes the Texas Poultry Improvement Association.

New president of the association is Stuart T. Nash of Kaufman, the first poultry man dealing exclusively in turkeys to head the organization.

The name of the Association was changed in recognition of the growing influence of turkey producers in the \$2,000,000 Texas poultry industry.

The 24th annual convention of the association ended last night with a banquet and dance.

Other officers, besides Nash, include T. A. Hensarling, Stephenville, executive secretary; J. Leigh Lungren, Gonzales, vice-president, and A. H. Demke,

Twenty-Two Farm Laborers Injured In Highway Crash

HARLINGEN, Aug. 21.—(P)—Twenty-two farm laborers today were nursing injuries suffered when the truck on which they were riding was in collision with an automobile, the driver of which was killed.

He was tentatively identified as F. O. Landrum of Laguna, Uvalde county.

The accident occurred on U. S. highway 77, four miles north of here.

CORPORATION COURT

The police department Thursday sought trace of Annie Bell Mitchell, 20-year-old Dallas girl, who disappeared on the way to work Wednesday. The department was asked to check on the girl after it was learned she had a brother, Frank Mitchell, at Powell. She was described as five feet, four inches in height, weighing 95 pounds, having brown hair, brown eyes. She was dressed in a black skirt, white blouse and shoes and carried a white purse.

The department checked a minor wreck in the 300 block of East Second Ave., when a station wagon driven by Edward H. Strubbing, 1335 West Fourteenth Ave. and a car driven by Homer Widner collided.

Two persons were given tickets during the day for making left turns on Beaton St.

If You Must Know, He Is a Methodist

A negro getting his financial affairs in shape to take a short trip, breezed past the desk of James N. Garlity, vice president of the First National Bank, stopped at the first window and asked for \$600 in travelers checks.

"What denomination?" the banker asked.

"Methodist," the man replied.

COTTON BELT PLAN FOR REORGANIZATION EXPLAINED BY SOLON

WASHINGTON, Aug. 21.—(P)—Senator Reed (R-Kan.) said today a voluntary reorganization plan agreed to by creditors and the debtor of the St. Louis Southwestern (Cotton Belt) Railway avoided entirely any "forfeiture" of stock.

Reed said another plan, approved by the Interstate Commerce Commission would have "wiped out" all the common and preferred stock amounting to \$37,000,000 and unsecured claims of \$5,000,000.

The Associated Press in a previous interview with Reed, stated erroneously that the reorganization had the effect of wiping out these stocks.

Reed said the supreme court twice refused to review the ICC plan, which "included the forfeiture." The last order of the supreme court, he added, had the effect of placing the court's approval, at least not its disapproval, on the original ICC plan which contained the \$45,000,000 forfeiture.

Machinists To Obey "Disliked" Labor Law

PORT WORTH, Aug. 21.—(P)—Earl Melton of Birmingham, Ala., announced here that "even though we don't like the vicious Taft-Hartley act" the International Association of Machinists will comply with the labor law.

Melton, general vice-president of the IAM, made the announcement after it was reported in Washington that the CIO unions would defy the labor act.

She Just Wanted One Dozen Eggs—Got Twenty-Six

DETROIT, Aug. 21.—(P)—Mrs. Grace Kluger, who "really only wanted one dozen eggs," got 26 dozen of them scrambled on her front lawn and 25 pounds of butter as well, she told Traffic Judge John M. Wise yesterday. She reported she lured Albert S. Miller, a butter and egg salesman driver, from her front door to the back of her car, and swinging his truck around for the sale, but hit another car and overturned on the Kluger lawn, spilling his load.

Jaycees To Sponsor Fair Booster Trip

The Corsicana Junior Chamber of Commerce Directors have appointed Tom Paschall and Virgil Reese as co-chairman of a committee to formulate plans for a trip to encourage and boost attendance to the Corsicana Fair and Rodeo September 16 to 20, inclusive.

Tentative plans call for at least one bus, and private automobiles, to make the trip from here to Ennis, Waxahachie, Hillsboro, Waco, Mexia and all points between these towns. It is also planned to be back early enough in Corsicana to have a street dance, music to be furnished by string band making the trip.

Cowboy regalia will be in style and Messrs. Reese and Paschall urge anyone who is interested in boosting Corsicana and the Rodeo to start making plans now to go.

The exact date has not been set, but it is planned to go during the first week in September.

Texas National Guard Plans Recruit Drive

AUSTIN, Tex., Aug. 21.—(P)—A statewide recruiting drive to enlist 3,925 new members into the Texas National Guard was in the planning stage today.

State Adjutant General K. L. Berry said the state campaign will be a part of a national effort to secure 7,858 officers and men in National Guard units between Sept. 16 and Nov. 16.

Each state's champion enlisted man recruiter will go to Washington at the expense of the National Guard Bureau and will be the guest of the Secretary of War and the Superintendent of the U. S. Military Academy at the Army-Navy game in Philadelphia Nov. 29, Berry said.

Col. W. C. Wilkes, information and education officer in the state adjutant's general department, will supervise the Texas campaign.

Mexican Luxury Ban Is Partially Lifted

WAA TANK PURCHASE HAS BEEN ABANDONED BY CITY OFFICIALS

City officials Thursday abandoned their plan to purchase a used water tank from the War Assets Administration. Enthusiastic several days ago over a steel reservoir the administration had to sell on the ground at Camp Barkley, the city officials felt cold water tossed on it Wednesday.

Mayor Hubert T. Braselton, Water Commissioner Edgar Rittersbacher and City Engineer Fred V. Blucher made a trip to Grand Prairie Wednesday to see about buying the tank to aid in solving the city's pressure problem.

They had been told beforehand that the tank could be bought, torn down, transported and set up again for between \$19,000 and \$24,000.

They thought at that price it might be a good investment. The Probing, however, revealed the

Dads Club Completes Camp Arrangements For Tigers Sept. 1

Arrangements for the training camp of the Corsicana Tigers, beginning Sept. 1, at Trinidad, Henderson county, were completed at the meeting of the Corsicana Dads Club Wednesday night at the Senior High School building at 7 o'clock.

Discussion of the starting of the training program involving nine blocks in the vicinity of Tiger Field Wednesday was held. This is a Dads Club project. The reservation of 500 seats on the west side of Tiger field was discussed.

J. Etheridge King, president of the Dads, presided.

tearing down, moving and setting up would cost a minimum of \$24,000, with the tank itself yet to be paid for. It was estimated the tank could have been purchased for about \$5,000.

Rittersbacher said it was found a new tank of greater capacity would cost only \$32,000, so the WAA proposal was dropped.

TWO GUILTY PLEAS IN DISTRICT COURT ON FORGERY CHARGES

Two persons entered pleas of guilty in district court Thursday to charges of forgery and passing and were given penitentiary sentences by Judge A. P. Mays. Jack Lynn Lottice of Celina, was sentenced to two years in each of two forgery cases, the sentences to run concurrently; and Robert Johnson, Kerens negro, was sentenced to not less than two nor more than three years in each of two forgery cases. The terms will be served concurrently.

ELECTION

CONTINUED FROM FIRST PAGE gineer would be charged with the carrying out of the orders of the court. Employment of an engineer is mandatory if the optional road law is adopted.

The other matter is the proposed amendment to the Texas Constitution whereby five cents of the present 7 cents allowed levy for Confederate pensions can be transferred to the building funds over a period of 30 years that will aggregate \$60,000,000. The University of Texas would be allowed to issue bonds of \$10,000,000 and Texas A. and M. College would be allowed to issue \$5,000,000, against the

permanent university fund. The other 14 state institutions would get the remaining \$45,000,000 over the long period. The proposed amendment would automatically reduce the state limit ad valorem 5 cents so the college building program would not represent an increase in taxes.

Twenty-five absentee ballots were sent out from the office of J. Vernon (Baldy) Harwell, county clerk, and 17 had been returned Wednesday afternoon. These were sent to the proper election judges.

Election judges this week were calling for their supplies at the county clerk's office. All election judges have been

authorized by L. L. Powell, county judge, to telephone the Daily Sun (collect) as soon as the returns of their boxes have been ascertained. The county-wide compilation will be made by the newspaper election night and all 46 voting precincts are needed to make a complete return.

The election judges appointed by the commissioners court will hold this election.

The polls open at 8 a. m. and close at 7 p. m.

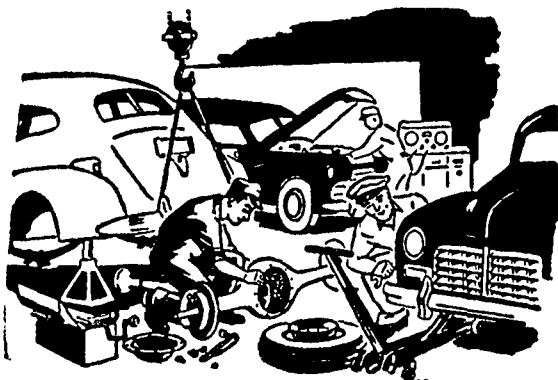

Mr. and Mrs. Boyce Martin and Mrs. G. J. Elkins are spending several days in the home of Mr. and Mrs. Van Elkins in Houston.

Revival Services. Revival services will be started Sunday night, August 24, at the Mt. Nebo Methodist church. The services will continue through Sunday, August 31.

The Rev. Clarence Parsons from Westminster College, Tehuacana, will do the preaching. Morning services will be at 11 o'clock and night services at 8 o'clock. Prayer meeting is scheduled at 7:30 p. m.

HIGH SCHOOL PUPILS FROM OUT OF TOWN URGED TO REPORT

High school students who have moved into Corsicana from other towns during the summer and who will attend Corsicana High School this year should report to the high school as soon as possible for a conference, R. A. Armistead, principal, said Monday.

The purpose of the conference is to check the student's credits and determine their classification. Students should bring their report cards or any other data that will help determine their classification, he said.

This request does not apply to students who graduate from the Corsicana Junior High School last spring.

Any parent or student who desires a conference with the principal for the purpose of planning school work or programs should see the principal as soon as possible, preferably before the busy days of registration.

The making of individual schedules for all students will be on September 2, 3 and 4, with the senior, junior and sophomore classes taken in order, Armistead said. Schools open Monday, September 8.

Five Corsicanans Return From Trip Into Three States

Mr. and Mrs. Marlin Rutherford, Mrs. L. A. Rutherford, Miss Artie Edmondson and Mrs. Aaron Bule have returned from a vacation trip that took them to Little Rock, Ark., Memphis, Tenn., Corinth and Iuka, Miss., and to Hot Springs, Ark., where they spent several days enjoying the interesting sights of the national health resort.

In Little Rock, they were located at the Alamo Plaza Courts, in Memphis, Corinth and Iuka, they made short visits with relatives and in Hot Springs they were registered at the Burch Courts near the foot of the famous Ouachita Mountains.

Mrs. Bule left the party at Little Rock and returned home by train, and the others remained for a further stay in Hot Springs.

Married at Courthouse
James Wilcox Jr. and Mamie Lee Gail, both of Roane, were married by Justice of the Peace W. H. Johnson Wednesday in the courthouse.

Ralph E. Adams and Mary E. Kenworthy were married Tuesday by Judge Johnson.

NEW ASSISTANT TO COACH KEN CLARK IS EXPECTED SOON

Navarro Junior College will begin preparations for the second football season of its existence on Sept. 1, when the Bulldogs fall out for their first practice season on the college practice field.

By that date, Coach Ken (Cowboy) Clark, who has every possibility of having a number of the things he lacked last year in the way of assistance and equipment. College officials are now working to obtain an assistant coach to aid Clark in his sports program, and an announcement concerning that position is expected in the near future.

Ample Equipment
In addition, the Bulldogs will have, for the first time, enough football equipment to properly outfit every member of the squad, according to Clark. Already a reality is the new practice field which the Bulldogs will use for their workout this fall. Goal posts will be put up on it this week.

Coach Clark has announced a number of changes in the Bulldog schedule for this fall. The locals will play a ten-game schedule this season, and at least six of the games will be played in Corsicana, giving local football fans a better opportunity to see the games.

Navarro will open their season against Texas Lutheran of Seguin here on Sept. 20 in one of the only two daytime games on the Bulldog schedule. The other daytime game will be against Weatherford here in the last game of the season on Nov. 27. All other games will be night contests.

The Schedule
Sept. 20—Texas Lutheran of Seguin, here.
Sept. 26—Decatur Baptist, there.
Oct. 4—Clisco Junior College, there.
Oct. 11—Allen Academy, here.
Oct. 18—Henderson County Junior College, here.
Oct. 25—Open.
Nov. 1—Hillboro Junior College, here.
Nov. 8—Clifton Junior College, there.
Nov. 15—Ranger Junior College, here.
Nov. 22—Terrell Military Academy, here.
Nov. 27—Weatherford Junior College, here.

Pay Received By Local Guard Units

Headquarters and Headquarters Battery, 133rd Field Artillery, Texas National Guard, have received the first pay day since its organization May 12, according to Lt. Col. Thomas A. Spikes, commanding officer. The payroll for this contingent amounted to \$1,480.67.

The 143rd Infantry, Company D, received its first payroll a short time ago—\$1,462.18—making the total first pay of the local Texas National Guard units \$2,942.85.

Since both units are far from authorized strength, officers stress a completion of the assigned quota of enlisted men and officers would hike the total pay over the above figures.

The Headquarters and Headquarters Battery units represent two officers and 20 enlisted men at the present time.

DO YOU KNOW THIS GIRL?

Missing from her Portland, Me. home since Aug. 20, 1946, Yelva Joy Robbins, 15, is believed to be somewhere in this area by her mother, Mrs. Mary A. Robbins.

The girl, who was under treatment for a mild psychological disorder when she left, may be a victim of amnesia. According to her mother, she will look older than her age, and may be wearing her hair done up or cut short.

She weighs between 120 and 130 pounds, is about 5 feet, 4 inches tall, has dark blond hair, blue eyes and freckles.

largest Jewish camp in the British zone.

The Jewish agency spokesman in Palestine characterized the latest British move as "a fateful political mistake." An unofficial Jewish source said it probably would provide new impetus for terrorists in the Holy Land.

The British foreign office announcement said that if the Jews declined to go ashore the ships would be disembarked immediately upon reaching Germany.

Intercepted By British
The refugees, who are without visas for Palestine, were intercepted by British craft off the Holy Land coast as they tried to evade the blockade last month in the vessel called "Exodus 1947." They were placed aboard the three British ships and returned on July 29 to France, where their voyagers were held.

They have been off the town of Port de Bouc, refusing to disembark.

The foreign office announcement said the refugees—most of whom are of Polish nationality—had been offered hospitality by the French government but rejected it "under the influence of persistent Zionist threats and propaganda."

British Transports Tied Up
"It is clearly impossible to leave the three British transports indefinitely in French waters," the announcement continued, "and it has therefore been decided that, unless the Jews begin to disembark before 5 p. m. (11 a. m. CST) August 22, the ships will sail for the British zone of Germany, where their passengers will be immediately disembarked."

"This is the only territory under British jurisdiction outside Cyprus (where the British have detention camps for Jews who tried and failed to run the blockade) where such a large number of people can be adequately housed and fed on short notice."

The announcement was issued simultaneously in Palestine, by British authorities in Berlin and at Paris and Marseille in France. It said the British believed the Jewish agency for Palestine could persuade the Jews to land in France and added:

"If the Jewish agency really have the interest of these illegal immigrants at heart, they should be prepared to send a representative x x x to Port De Bouc in order to make a last appeal to reason."

In all other recent cases the British have transhipped illegal immigrants to Cyprus rather than their country of origin. But following such a policy, the announcement said, "has only encouraged the organizers of the traffic x x x."

Therefore, it stated in this case Britain was exercising her "undoubted right to return illegal immigrants to the country where they embarked for Palestine."

Mrs. Ben Sloan, who has been a patient at the Navarro Clinic, is convalescing satisfactorily at her home on West Third avenue.

JUDGES ANNOUNCED FOR FIELD TRIALS EVENTS DECEMBER 1

Outstanding judges have been secured for the annual Texas Field Trials association meet beginning, Dec. 1, A. P. Mays, district judge, and president of the association, announced Wednesday.

The judges this year are Rowan A. Greer, Dayton, Ohio, attorney, immediate past president of the National Amateur Field Trials association, and Nash Buckingham, Memphis, Tenn., well-known writer.

Headquarters for the association are maintained in Corsicana, while the trials are held over the 15,000-acre preserves located in the malakoff area of Henderson county where plenty of protected quality are found.

The outstanding pointers and setters of the country annually compete in the local trials that rank within the first four in America.

Rites For Infant Wednesday Afternoon

Funeral services for Mary Evelyn Miller, two-day-old daughter of Mr. and Mrs. Ben Miller, Corsicana, who died at the Corsicana Hospital and Clinic Tuesday night at 10:30 o'clock, were held Wednesday afternoon at 2:30 o'clock at the Pursey cemetery. Interment was in the Pursey cemetery. The rites were conducted by Rev. M. H. Harvey, Baptist minister.

Surviving are the parents, four sisters, Johnnie, Pat, Grace Fay and Bennie Miller, and grandparents, Mrs. Eula Miller, Pursey, and Mrs. Mary Townley, Corsicana, and other relatives.

and bonds have been stolen, and it would be an easy matter for the signature on the discharge to be copied.

In addition to informing the veteran of the folly of paying a premium for cashing the bond, the bankers urged the veterans not to cash them at all. They represent a nice "nest egg" investment, carrying a good interest rate.

It could not be estimated how much money would pour into Navarro County after Sept. 2, but it will run into the hundreds of thousands of dollars.

Practically every enlisted man received a bond of some denomination. The average is \$200. Some run as high as a thousand, others range from \$50 to \$500.

The bonds were issued in a five-year redemption basis to enlisted men. So great was the protest of the GI that he had to wait for his money while the officer got his immediately that Congress voted payment immediately.

Corsicana merchants were anticipating a gigantic flow of business during the month because of the sudden release of the impounded dollars.

The W. E. and Jack McKinney families have gone to points in Colorado for a short vacation stay.

RUSSIA

CONTINUED FROM FIRST PAGE

The protest, together with the deadlocks on Austria and Korea, lent emphasis to a library of congress summary of United States-Soviet relations as having deteriorated "dangerously." This summary was disclosed yesterday.

On Germany, the situation in brief is this:

Under the terms of the Potsdam agreement, production of metals, chemicals and machineries were ordered to be "rigidly" controlled and restricted to Germany's peacetime needs.

This level was fixed with a ceiling which United States authorities now deem too low to give Germany an export trade sufficiently high to pay for imports and at the same time play a necessary role in helping the rest of Europe rebuild.

The Potsdam declaration called for decentralization of the German economy "at the earliest practicable date" for the purpose of eliminating "excessive concentration of economic power."

To some degree, this clause has been nullified partially by the year-old British-American economic arrangement for merging their occupation zones in the interest of economy and more efficient production.

The Potsdam agreement also called for living standards for the German people to be at a level not higher than those of the rest of Europe. There has been a growing feeling in Anglo-American quarters that this, too, cannot be adhered to rigidly because of the benefits of providing a higher caloric diet to those in heavy industrial production and mining to attain great production.

(In Berlin, Gen. Lucius D. Clay, U. S. military governor, told a news conference that any Russian protest against raising the level of industry in western Germany would be without foundation because the Russians have declined to treat Germany as an economic unit as provided in the Potsdam pact.)

Korean Deadlock Seen

In the case of Korea, Foreign Minister Molotov thus far has failed even to acknowledge Secretary of State Marshall's proposal for a re-examination of the deadlocked efforts to set up a unified government for that country.

Marshall set today as the deadline for a report from the stalled Soviet-American joint commission at Seoul. He told Molotov in note last week that if this showed the two powers could not agree on a provisional regime to take the place of the separate occupation zones it was time to decide whether to call off the negotiations which started three months ago.

Farmers store grain in the summer for winter's stock feeding. Housewives can food in season. Cattlemen store water during the rainy season. These things are all done when the supply is available. Are you stocking your winter's supply of Butane-Propane this summer when it, too, is available? Is your storage capacity large enough? • The Texas Butane Dealers Association Urges You—

"GET YOUR Butane-Propane System READY FOR WINTER!"

Can your butane or propane tank serve you through the four winter months without refilling? The Texas Butane Dealers Association urges you to take stock now. If not, you may find yourself without heat in the coldest months of the year.

Hundreds of new industries developed during the war—plastics, synthetics, chemicals, etc.—have placed a tremendous demand for butane and propane all year round. On the other hand, domestic users burn four to seven times more gas in winter than in summer, but your dealer can furnish you very little more gas in cold months than in warm months. In order to balance this situation, heating gas users must plan to buy their winter supply at least four months ahead.

By doing this, your winter supply will be in your tank when you need it most. This situation is not new. The farmer has always stored grain early for winter. Housewives can summer foods for winter use. And by taking less time for your dealer's services, he can supply you and your neighbors more economically at the very time when road conditions are worst.

The Texas Butane Dealers Association urges you to drop in and see your local gas dealer as soon as possible. Consult him before you buy any system. He knows butane-propane, and will do everything he can to help you get ready for winter now.

Other Corsicanans making the trip were Mrs. Clifford Brown, Mrs. Lawrence Fauber and Mrs. Edgar Rittersbacher.

Labor Day Safety Is Urged By Red Cross

Labor Day—September 1st—is just ahead. Marking the close of the summer vacation period for millions of Americans, the "long" weekend will find main highway arteries and other transportation facilities pressed to the limit, and resorts crowded to overflowing.

But be forewarned, the American Red Cross points out. The 1947 Fourth of July weekend brought death to more than 560 persons throughout the nation. Of these, 289 died in traffic accidents and 163 by drowning.

Don't view the Labor Day traffic problem lightly, the Red Cross advises. Over-the-holiday driving will require alert attention every minute. Proper courtesy to other drivers is a primary requirement. Highway signs, particularly on hills and curves, should be heeded for our own safety as well as that of the other fellow.

TEXAS DOCTOR REITERATES VIEW WORKER DIED FROM ATOMIC RAYS DESPITE REVERSAL BY OFFICIAL

FORT WORTH, Tex., Aug. 21.—(AP)—The death of Wilton Earle Rhodes, once employed at Oak Ridge, Tenn., was caused by failure of the liver due to radioactivity, an autopsy surgeon reiterated here Tuesday night after an atomic energy commission report that "no radiation of any type" was found in the body.

Hospital records show, the surgeon said, "acute inflammation of the liver due to radiation, cause unknown," as the cause of death. He said the death certificate was worded similarly.

Of course we do not know where he contracted the radioactivity," the surgeon said, "and that is why 'cause unknown' is in the record."

Radiation, he said, could have resulted from radium salt treatment.

The investigators, an insurance claims adjuster and a physician, left here with the intention of going to Galveston where Earle also had been employed.

"Expert" Denies Cause
OAK RIDGE, Tenn., Aug. 21.—(AP)—A radiation specialist, sent to Fort Worth, Texas, to examine tissues of the body of Wilton Earle Rhodes, reported to the atomic energy commission that "no radiation of any type" was found.

The commission said the investigation disclosed that Earle's death certificate, signed by his attending physician, reads "cause of death unknown."

His death was attributed by an autopsy surgeon in Fort Worth to failure of the liver due to exposure to radioactivity.

The surgeon said a Geiger counter showed Earle's body was emitting gamma rays.

Earle was a former employee at the Carbide and Carbon Chemical Corp. at Oak Ridge, the AEC reported employment records showed that he had no access to radioactive material.

Dollar Trade Banned
In outlining the new financial scheme, Dalton said business men selling goods to this country for pounds no longer would have the right to trade those pounds for dollars.

"Our decision will inevitably cause disturbance of trade over a wide area, and may lead to some interruption of supplies," he declared.

"We shall have to face some further shortages of overseas supplies, x x x There will probably have to be some reductions in our rations."

Henry Ellis Haley To Receive Degree

AUSTIN, Aug. 20.—(Spl.)—One hundred fourteen seniors, largest summer session class in the history of the University of Texas at Austin, will receive their degrees at commencement exercises Aug. 31.

The 1947 summer list of degree candidates, announced by Dean Willis Raymond Woolrich, includes:

Former Corsicanan Marks 80th Birthday

A surprise birthday party for W. T. Dickey, former long-time resident of Corsicana, now living in Dallas, was given him by his wife on his 80th birthday on August 15.

The decorations were pink and white, and the colors were carried out on the cake, which was loaded with 80 candles. Prizes were given and refreshments were served. The honoree received many nice gifts.

Dickey was a resident of Corsicana for many years, and was caretaker of the Hebrew cemetery for twelve years.

Approximately fifty friends attended the party, along with three of his daughters, Mrs. Bessie Archibald, Mrs. Velma Allen and Mrs. M. L. Turner, all of Dallas.

NAVARRO JR. COLLEGE REGISTRATION SLATED FOR SEPT. 9 AND 10

Registration for the fall semester at Navarro Junior college will be held September 9 and 10. Freshmen psychological examinations will be given September 11.

Navarro Junior college offers a standard two-year program leading toward four-year college degrees and terminal business courses. This year it is adding to its curriculum an Agriculture department offering a two-year course leading toward a degree in agriculture or veterinary medicine; a department of Distributive education; a Vocational division offering courses in automobile mechanics and cabinet making; a private pilot's course; and a College band.

Agriculture courses will include during the first year agriculture economics, general animal husbandry, crop production, and dairy husbandry. Sophomore courses will be added the second year. The Distributive education offers the student an opportunity to work three hours per day in a wholesale or retail establishment in which he will be placed by the coordinator of the program. The student will be paid for his work.

The vocational courses are designed primarily for veterans who wish to devote full-time to this type of training. The classes meet five hours per day, five days a week. High school graduation is not necessary for admission to these classes.

GI Students Should Call

Students planning to attend under the G. I. bill should call in person at the office of the Registrar and complete certain forms before September 1. This is necessary if the veteran wants his subsistence allowance to be paid on time.

High school graduates who plan to enter for the first time should furnish the registrar with a high school transcript immediately.

NEWLY-WEDS—Mr. and Mrs. Walter Wright Hedrick, Jr., are pictured above in the traditional ceremony of cutting the wedding cake at the Kinsloe House morning coffee following their marriage Friday morning at the First Methodist church. Before her marriage, Mrs. Hedrick was Miss Wanda Jane Short, daughter of Mrs. Veola W. Short. The bridegroom's parents are Mr. and Mrs. W. W. Hedrick. Sr. (McGoldrick Photo.)

ANNOUNCEMENT OF MISS ELEANOR BRAGG'S BETROTHAL TO ROBERT R. COCKE III MADE AT CLUB TEA

The betrothal of Miss Eleanor Bragg, daughter of Mr. and Mrs. Truman Bragg, to Robert R. Cocke III, son of Mr. and Mrs. R. R. Cocke, Jr., was revealed on Tuesday afternoon when Mrs. J. M. Dyer, aunt of the bride-to-be, entertained with an announcement tea at the Corsicana Country Club.

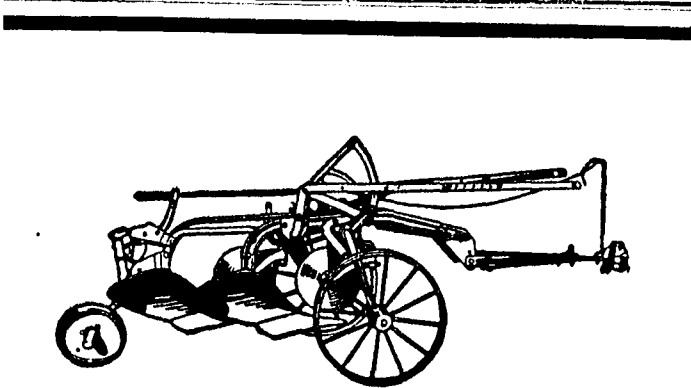

Attractive arrangements of white asters, gladioli and carnations at vantage points about the clubroom fashioned a floral setting for the occasion.

First greetings were extended by Misses Betty Stell and Martha George. Receiving with Mrs. Dyer, the honoree, and mothers of the betrothed couple, were Misses Marian Bragg, Mary Lou and Byron Cocke, Jane Jackson, Frances David, Mesdames Stewart Robinson and Jack Womack of Dallas, Miss Lillian Davidson, Mesdames J. A. Brethaupt, Jr., and A. A. Guess.

Misses Sallie Simmons and Betty Robinson assisted with the silver and plates. Mesdames Randolph Jackson and Monty Davidson served the first hour and Mesdames Byron Cheney and Douglas Jackson served the second hour.

Refreshment Table.

The glow of pink satin gleamed from the surface of the refreshment table which was overlaid with a dainty white organdy cloth, ruffled to the floor. The center decor of the table featured an antique silver wine cooler from which cascaded a profusion of angel lilies, and at the base of which, clusters of shell pink carnations gave effective accent. Billowing gracefully over the table and its distinctive appointments were yards and yards of swirling Nile green malines, gemmed at intervals with waxed angel lilies. A pair of Waterford crystal com-

Allis-Chalmers plows have strength where it counts—rolled high carbon steel beams, precision-built bottoms, tension-built wheels, positive lifting mechanism. Wheels have pressure-lubricated, automotive type bushings turning on precision bearing surfaces sealed from dirt. High lift, and ample clearance in all directions assure trouble-free operation in trashy plowing.

For lighter soils, the No. 4 Series two-bottom 14-inch plow is ideal. If a heavier plow is needed, the No. 2 Series heavy duty plow will handle the toughest plowing conditions. It is available with from 2 to 4 bottoms in 12-inch to 18-inch sizes.

Fertilizer attachments are also available for either of these plows. Come by and let us show you the advantages of owning an Allis-Chalmers.

Special Prosecutors Have Been Employed

The family of Robert Vyers, fatally shot July 22, four miles northwest of Emhouse, has employed the law firm of Roe and Ralston as special prosecutors, Charles T. Banister, county attorney, revealed Monday afternoon.

John Ayala, Latin-American farmer residing northwest of Emhouse on the L. I. Griffin farm, is at liberty on bond on a murder complaint as a result of the death of Vyers.

The firm of Roe and Ralston

is composed of J. C. Roe and David Ralston, formerly county attorney and assistant county attorney, respectively, of Navarro county.

The special prosecutors are assisting in the investigations into the case along with Banister and Seton Halsey, assistant county attorney.

FRESH!

Safeway takes special care to bring you sweet corn at its peak of goodness! To begin with, our buyers select only the plumpest young ears. And they insist that the corn be picked in the cool of early morning before the sun's heat can drive away any of the juicy flavor from the tender kernels. Then the corn is rushed to our stores...all its natural goodness protected by controlled refrigeration. Like all our fruits and vegetables, corn at Safeway is **guaranteed to be exactly right...fresh and flavorful...or your money back.**
